

THE SOLDIER'S DREAM

IT COMES TRUE AT LAST
WHEN HOME IS
REACHED

The following was written by Sergeant Alfred Cookman of the Medical Department, U. S. A., when on duty at Base Hospital 35, West Baden, Ind., and was published in several Indiana papers: Sergeant Cookman is now at his home in Glendale, at last, thus realizing in his own person the delightful fact of the coming true of the soldier's dream of home and loved ones.

Now that the great war is over and the hour of discharge from active service draws near, we fellows often lie thinking in our beds of the days that are soon to follow. How often in the still quiet hour of the night, when Nature around us seems asleep and nothing save the croaking of frogs in the pond and an occasional hoot of an owl among the trees stirs the enchanted environment for an instant and presents a scene from the call of the wild and you turn over in your bed in an effort to acquire a little sleep before the sun appears over yonder hills with all its magnificence and splendor in the awakening of another day.

As the clock strikes the hour and you still recall the monotonous chirping of crickets and frogs down near the water's edge, there often comes filtering into the mind of the restless soldier laddie, visions of home and loved ones, and scenes of adventure and business obligations.

"Oh, to be there. Just to occupy my place at the family table. Just to take sister to the latest show, or to go with the fellows on that hunting trip down to the lakes. One picture follows another. Psychic visions appear as realistic and true and then vanish from the mind as a tale that was told. The laddie recalls in his memory and the scene is real, the rise and fall of the daily tide on the seashore. Each wave as it breaks and the crest appears combed with foam and the surging of the sea sends a thrill through his very soul and he turns in his bed and covers over in a new position and the picture fades away. The homeward flight of seabirds and the rapid flow of water in a canyon retreat lures the mind away into other channels of thought and experience. The anxious cry of a

VICTORY PROGRAM

ARGONNE TANK WILL DO A
"TANK TANGO" TO DEMON-
STRATE EFFICIENCY

The entertainment which is to be provided for this evening by the crew which will visit Glendale tonight with the French Whippet tank that participated in the Argonne Drive overseas, will include an actual tank demonstration in the nature of an original "Tank Dance" or "Tank Rag" to the music of the accompanying military band. This will be worth going many miles to see. It has never been performed before this drive. The tank will be driven by two heroes who participated in the Argonne Drive where 125 tanks went into battle and only twenty-one returned to tell the tale.

Besides this wonderful demonstration, Captain Fraser who was in charge of the Tank Division in the Battle of the Argonne, will explain the working of the tanks, and the manner in which they entered the engagement.

Lieut. Fitts will explain the work of the infantry during the Argonne offensive.

Motion picture stars will also entertain, and returned heroes from overseas will relate their war experiences.

A regular jazz band from the Arcadia Balloon School in which are included some of the men who saw service overseas, will play throughout the evening.

Captain Kitterman of the Tank Corps is also bringing a number of entertaining speakers from Los Angeles.

In all respects it will be an unique entertainment the like of which may never be seen again.

This same Argonne Tank was recently in Orange where the people pronounced its demonstration the most wonderful sight they had ever witnessed. The committee can therefore assure the public there will be something doing and worth seeing every minute this evening.

Mrs. Mary Cunningham and her daughter, Miss Maude Cunningham, have decided to remain permanently in their home in Pennsylvania, according to letters which Mrs. Eva Cunningham of 114 North Orange street has received from them.

VICTORY TANKS

VICTORY PARADE PLANNED FOR
TONIGHT AT 7—CONCERT
FROM 7:30 TO 8:00

If the plans of the committee of arrangements are carried out, and there seems to be no good reason why they should not be, the presence in Glendale tonight of the Argonne Tank with wounded soldiers who participated in that battle will be the occasion for a big Victory celebration which will begin with a parade through the principal streets from 7 p. m. to 7:30 followed by a concert by the military band which will accompany the Argonne Tank and the Liberty Loan Tank to their stand on Broadway between Brand and Central. The Tank crew will include sixteen pieces of music, nine wounded soldiers, two speakers, and six young ladies from Moving Picture studios.

In the parade are expected to march the militia of Glendale Union High, the Boy Scouts of Glendale, and representatives of other organizations which stand for patriotism.

IN MEMORIAM

In the sudden passing of Ernest D. Gregg, Glendale has lost a citizen and a brother. Mr. Gregg was of the firm of Booth & Gregg, Reliable Garage. He was born in Hillsdale Co., Michigan, where he lived to the age of 18, when he enlisted in the Spanish-American War, joining Company D of the 31st Michigan Volunteers. He was honorably discharged from the army May 17, 1899. He returned to Michigan and entered business, remaining there until 1910, when he came to California, where he joined his brother-in-law, Harry Hall, in business, later entering the firm of Booth & Gregg.

Mr. Gregg was an Elk and a Mason, belonging to the drill team of the Elks. He leaves a widow, Mrs. Edith Gregg; mother, Mrs. Sarah Gregg, and a sister, Mrs. Dora Hall.

COMMUNITY SING

WILL DEFER OPENING UNTIL 8
P. M. AS TRIBUTE TO AR-
GONNE TANK

Tonight the Community Sing will meet as usual at the High School, but because of the presence of the Argonne Tank to assist in the sale of Victory bonds at Brand and Broadway, the opening of the sing will be deferred until 8 o'clock. As the tank is to arrive at 7:30 patrons of the Sing will have an opportunity to pay their respects to the tank and the company of war heroes who will accompany it before coming to the High School.

This will be the last rehearsal before the contest of the Glendale and Hollywood choruses which is to take place at Hollywood next Tuesday night, and it is therefore desirable that every singer be in place to practice the songs which will be sung that night. They are the ones which are already familiar, including "Old Black Joe," "My Old Kentucky Home," and most important of all, "The Soldiers' Chorus from Faust," a stirring melody familiar to all and which was splendidly sung last week.

Every singer who has ever attended these chorus meetings is urged to be present Thursday night and to help the committee in securing a rousing delegation to send to Hollywood next Tuesday evening. The use of several autos and a truck was offered last week to convey delegates to Hollywood, and others who are willing to take passengers are asked to be present tonight and report to Blake Franklin or other members of the committee.

The Hollywood chorus when all are present numbers about one thousand, but in tone quality and several other respects, Mr. Kirchoffer ranks our local organization very high and he seems to think if Glendale will respond with numbers and enthusiasm it has a good chance to win in the contest. At any rate it will be an inspiring occasion which no one who has ever participated in the Sing should miss. It has aroused so much interest that a delegation of teachers of music in the Los Angeles public schools will attend, and probably a large representation from the Los Angeles Community Chorus. It will be a big affair and after all the enjoyment Glendale singers have had in past rehearsals they should not let anything rob them of this joy.

One of the numbers which will be rehearsed tonight will be the new and splendid song celebrating the return of the soldiers called "We're Glad to Be at Home Again," which the choruses learned last Thursday evening and which is set to very inspiring music.

GOOD START FOR NAVY PLANES

LEAVE ROCKAWAY BEACH, NEW YORK, FOR FIRST LEG
OF TRANS-ATLANTIC FLIGHT

(Special Service to Glendale Evening News)

Rockaway Beach, N. Y., May 8.—U. S. navy seaplanes started at 9:30 this morning for Halifax on the first leg of their trans-Atlantic trip. They expected to reach Halifax in about seven and one-half hours. "No. 3," carrying Commander Towers, started first, then "No. 1" and "No. 4." Five small seaplanes and one dirigible formed an escort to Montauk Point.

The weather was cloudy and a 20-mile west wind was blowing, but the aviators considered conditions very favorable. Favorable weather conditions are reported off the New England coast.

(Special Service to Glendale Evening News)

Sag Harbor, May 8.—Three navy seaplanes passed here at 10:30 o'clock, flying in close formation at an altitude of 500 feet.

Chatham, May 8.—Navy seaplanes en route for Halifax passed the air station here at 1:15 this afternoon. They were flying high and making good speed.

PRESIDENT WILL CABLE MESSAGE

WILL NOT BE PRESENT AT THE OPENING OF SPECIAL
SESSION OF CONGRESS

(Special Service to Glendale Evening News)

Washington, May 8.—It was announced here officially that President Wilson will not be here for the opening of the special session of Congress, but will cable his message and have it read from the floor.

OBJECTIONS TO TREATY TERMS

GERMAN PRESS DECLARES REDUCED ARMY WOULD BE
INSUFFICIENT TO MAINTAIN ORDER AT HOME

(Special Service to Glendale Evening News)

Berlin, May 8.—The German press is declaring that some of the terms in the treaty of peace presented to Germany cannot be accepted. The Tageblatt has declared that 100,000 soldiers would be insufficient to maintain order at home, adding: "We decline to have an eternal state of anarchy." Others thought the indemnities which the treaty calls for are excessive.

CHINESE STUDENTS SHOW RESENTMENT

RIOT AT CHINESE LEGATION IN TOKIO BECAUSE OF RAGE
OVER SHANTUNG DECISION

(Special Service to Glendale Evening News)

Tokio, May 8.—Chinese students, enraged by the decision of the peace conference on the Shantung controversy, rioted in the Chinese legation here and threatened to burn the building. They also visited other foreign embassies. At the American embassy they demanded a speech from American Ambassador Morris, but the demand was unheeded.

WILL WE FIGHT FOR FRANCE AGAIN?

ENGLAND'S PROPOSAL OF U. S. AID IN CASE OF ATTACK
BY GERMANY TO COME BEFORE SENATE

(Special Service to Glendale Evening News)

Paris, May 8.—It was learned today that President Wilson will not make any recommendations for or against the ratification by the Senate of the proposal made by England that the United States agree to aid France in the event of any future unprovoked German attack. The proposal will merely be submitted for the Senate's action.

It is believed here that Germany will give the Allies her decision on the peace treaty well within the fifteen-day limit. Preparations are being continued for the economic annihilation of Germany unless she does sign. The German delegates worked nearly all night digesting the terms of the treaty and are sending a full report to Berlin by courier tonight.

The "Big Four" began today plans for presenting peace terms to Austria, Bulgaria and Turkey.

Newspaper opinion in Paris is divided, but the majority of comments are in favor of the treaty.

DOUBT SIGNATURE OF GERMANS

BROCKDORFF-RANTZAU STATEMENT CONSIDERED INSO-
LENT AND FOR SPECTACULAR EFFECT

Paris, May 8.—Many have predicted that the Germans will not sign the peace treaty. Predictions were made after hearing Count Rantzau's statement at Versailles when the treaty was ready. Men attached to the American delegation, who said the chances were even on Germans signing a few days ago, now say Germany will not accept. Men who recently were confident the Germans would sign now say chances are about even. French circles consider the German delegation's statement insolent. One high personage declared "Brockdorff-Rantzau's impudent speech was intended more for history and home consumption than for the Allies."

JUSTICE IS DEMANDED

MANY TOWNS CONSIDERING ES-
TABLISHMENT OF MUNICIPAL
TELEPHONE SYSTEMS

Frederick V. Owen, member of the committee appointed by the Greater Glendale Development Association to confer with the board of trustees in regard to the establishment of a municipal telephone system, has been advised by his brother, who is a resident of Riverside, that the same situation with regard to telephone increases faces that city, and the people there are as much aroused as are those in Glendale and are talking about a municipal system. When interviewed in regard to the matter, Mr. Owen said:

"At a meeting of the citizens of Riverside which overflowed the council chambers, the proposition of the installation by the city of Riverside of a municipal telephone system was thoroughly discussed. When a vote was taken on the subject the meeting favored the municipal system without a dissenting voice. The meeting also considered the matter of asking the board of trustees to cancel the franchise of the Bell Telephone Co. for violation of the terms under which the franchise was issued, which would leave the field open for a municipal system without competition. "A stenographic report of the experiences related by subscribers was taken down for probable use before any state or federal rate-fixing hearing."

At Santa Ana the same proposition is before the people. The Evening News is in receipt of a letter from James C. Metzgar, secretary of the Santa Ana Chamber of Commerce, which reads as follows:

"The Pacific Telephone Company's rate increase and discontinuance of certain free toll areas is a live topic here. Several meetings have been held and another one is scheduled for Friday evening, May 9, at the City Hall, Santa Ana, at 7:30 o'clock.

"We are anxious for information as to what your section is doing to solve this matter, and if you can furnish us with this information before Friday, we will appreciate the courtesy. Better still, if you can send a representative to this meeting we may be able to work out a plan which can be used in all the different sections."

It is probable that a large delegation from Glendale will attend this meeting at Santa Ana.

The committee appointed at the Tuesday evening meeting will appear before the board of trustees tonight to urge the appointment of a competent telephone engineer to look into the matter and report upon the establishment of a municipal telephone system in Glendale.

LITERARY SECTION

Members of the Literary Section of the Tuesday Afternoon Club met Tuesday at the home of Mrs. Charles Hutchinson on Orange street, in the absence of the curator, Mrs. H. E. Bartlett, who is now in the North. The section continued its study of Japan and of Japanese efficiency in Red Cross work, in its army and navy, and industrially. These were presented by Mrs. O. E. Van Oven. Religious and historic phases of Japanese life were taken up by Mrs. Butterfield, Japan's part in the great war by Mrs. Gregg. Informal discussion followed and some talk about the luncheon which the section will give at its closing meeting the first of June at the home of Mrs. Bartlett. Mrs. Leavitt, who is a returned missionary, answered inquiries in regard to marriage customs and home and school life in Japan, and the session proved of exceptional interest.

SAD NEWS GREETS VISITOR ON
ARRIVAL

Mrs. Chester Rodgers of Berkeley, who was formerly Miss Virginia Graham of 200 North Verdugo Road, came down Monday to visit her parents, David J. Graham and wife, and on arriving was shocked to learn that her grandmother, Mrs. Frances Graham, had died very suddenly two hours before. Mrs. Rodgers drove all the way from Berkeley in her car alone, a friend who had intended accompanying her receiving word at the last moment of the serious illness of a relative. She will remain with her parents for a month's visit.

HANDSOME DELIVERY CAR

The Quality Grocery has just put in commission an up-to-date delivery car. It is a Chevrolet, with roomy body, water proof top and side curtains. It has a self starter and every other modern convenience. Mr. Parker considers it a decided asset to his business.

LAX HOME TRAINING

MRS. C. H. TOLL BLAMES PAR-
ENTS FOR WRONG DOING OF
GLENDALE CHILDREN

Not very long ago a Glendale police officer took to Los Angeles to turn over to the county authorities, a little boy but ten years of age whom testimony from many sources had proved to be a confirmed thief. His parents admitted their inability "to do anything with him" and with their knowledge and consent he was turned over to the authorities to be sent to Whittier. It was a situation to wring the heart of any mother because of the youth of the child who had evidently never had the training which would make him conscious of the real gravity of his fault.

According to statements of police officers, there is a considerable amount of petty larceny and disorderly conduct going on among some of the boys of Glendale and it does not seem to be diminishing, they say.

Knowing that Mrs. Charles H. Toll is deeply interested in the training of children and that she leads the reading circle made up of Glendale mothers which meets at her home weekly to study the problems of motherhood, the local situation was put up to her with an interrogation as to whether she could suggest a cause or a remedy. Her reply was instant and characteristic:

"Lack of proper training. Many times things which betray petty dishonesty are done carelessly by parents in the presence of their children without a thought of the evil lesson they are imparting. I shall never forget a scene I once witnessed in San Francisco. A family consisting of a father, mother and two boys got off a street car near the Cliff House. The parents walked ahead, the boys

RELIEVING JUDGE PALMER

Justice Harry Miller is a busy and important man these days for he has been called to sit in Judge Palmer's court in Los Angeles and hear the evidence in the cases brought against the race track book makers and gamblers. He has been there two Monday in succession and the Wednesday between, and is to sit again next Saturday and Monday. He says it is a hard legal contest. County Council Hill is the prosecuting attorney and Frank Dominguez and Judge White are the attorneys for the defendants. He expects the taking of testimony to be completed Saturday. In the meantime Judge Powell of Sherman has been sitting for Justice Miller in his absence.

CONGREGATIONAL CHURCH NIGHT

"Church Night" at the Glendale Congregational Church brought together about seventy-five members to enjoy an excellent dinner served by the entertainment committee, and about one hundred were present at the meeting following at which annual reports from the different departments were presented which showed the affairs of the church to be in a very good condition including the finances. For the next three Wednesday nights a number of mid-week meetings will be held at the homes of members in different parts of the community, the object being to try to reach more of the people and distribute the meetings. Besides the reports there were devotional exercises and a social hour.

REMEMBER THE SHOP

THE RED CROSS SHOP GREAT
COMMUNITY SWAP WHICH
FURNISHES NEEDED REVENUE

The Red Cross Shop which makes a business of selling used articles and which handles everything from clothing, millinery and shoes to books and pictures, has so far reduced its stock that it is in great need of more things to sell. This is the time-honored season for housecleaning and it is believed that in the general overhauling many things will come to light which could be dispensed with. In other words, their room would be more desirable than their company, yet they may have real value and could be put to use by some one else. The Red Cross Shop is the place for a swap of this kind and the revenues which sustain the Home Service work of the local chapter are largely derived from this small mercantile establishment. A word to the wise should be sufficient. Mrs. Jack Boettner, Mrs. Stockbridge and their associates in the work ask every housewife and merchant who is reorganizing the stock of household belongings of a place of business to remember the Red Cross Shop.

WE MUST NOT FALTER

The Victory Liberty Loan must be made a success. At this time the Americans who stayed at home must not falter in vindicating their trust to the ones who went to France and will not return.

The army at the front did all that was expected of them—there was no hanging back, no lagging, no refusing to fight among those men who offered their lives. They went over the top "like they were going to a banquet," as General Mangin said. And Death was the toast to which 70,000 of them responded.

The army of stay-at-homes kept loyal pace with them in the service of the country. First and last, they went down into their pockets for some \$18,000,000,000 to meet the war expenses and gave their money to the country in a volume which half a decade ago would have been unbelievable. They proved to them over there that they stood solidly behind them and to the world that we were in the fight to the finish.

With this record behind us, the Nation dares not fail to give all that the government asks in the Fifth and last loan.

INVEST AND HELP YOUR COUNTRY

Telegram received today from John U. Calkins, chairman of the war loan organization of the Twelfth Federal Reserve District:

"Citizens of the Twelfth Federal Reserve District—This is the last week of the Victory Liberty Loan campaign. Our country has called upon us to do our part toward paying the price for the early victory our tremendous preparation made certain. To date we are far short of our quota in every state of the district save Oregon. Now is the time for us to show the measure of our patriotism. If we do not meet our government's call we are unworthy of the protection of the Stars and Stripes. We are poor Americans. Loyalty to country should insure the success of the Victory Loan regardless of any other consideration, but the government is offering us a most exceptional investment. The Victory notes are for four years at four and three-fourths per cent and exempt from all state and local taxes and normal income tax. The investment is far superior to the four per cent or less that the savings banks pay and it has the whole United States for security. The quota for the district is \$301,500,000. Less than one-half of this has been subscribed. Let's pass our quota and prove our Americanism is more than mere flag waving. We have won the war. Now we must pay the bills. The West must not fail."

Naturally enough, with aeroplanes waiting for favorable conditions to attempt trans-Atlantic flight, somebody has been reminded of how American citizens were astonished, about seventy-five years ago, by the "news" that the feat had been accomplished by Mr. Mason, Mr. Robert Holland, Mr. Harrison Ainsworth, and four others, in the steering balloon Victoria. Edgar Allen Poe wrote the story, which was for a short time accepted as a truthful narrative, and has since been famous in newspaper history as the "Balloon Hoax." Combining a remarkable imagination with a close adherence to the style in which newspaper copy was then written, he described the journey with convincing detail, told of the operation of the "steering balloon," the impressions of the travelers, and the surprise of the natives of an island where the Victoria "made a landing." It was a harmless enough hoax, provided one admits that any such publication of a falsehood can be altogether harmless.—C. S. Monitor.

RHEUMATISM, KIDNEY DISEASES DISCUSSED — LECTURES AT CONGREGATIONAL CHURCH

One of the largest audiences since the opening of the Health Lectures was present at the Methodist Church last night. The demonstrations in Health Culture exercises by J. Paul Elliott were intensely interesting and captured the audience. Commencing today all lectures will be held in the Congregational Church. Subject tonight, "Diet and Bathing for Rheumatism," subject Friday, 2:30, "Blood Building Foods, Poor Circulation;" Friday, 7:45, "Heart Disease, Stomach Trouble, Gas Pressure." Rheumatism, which will be discussed tonight, has many forms and many causes, but only one cure, the removal of the poisons that have produced it. The lecture tonight will outline the methods by which these poisons may be removed through a proper selection of the food supply, scientific bathing, and health culture exercises. If you have eaten your way into rheumatism, you will also have to eat your way out. Rheumatism not only brings intense suffering, but deformity of the body as well. The swelling of the joints, of the hands and fingers and the drawing of the fingers out of shape is the result of a form of rheumatism known as arthritis.

Cause of Rheumatism
Dr. Elliott says "Rheumatism is a filth disease. We do not mean by this that the filth accumulates on the outside of the body. It accumulates in the stomach, the intestines, the arteries and the capillaries, from the decomposition of the surplus food supply. This is carried through the blood stream to the cell life of tissue, nerve, muscle and brain and poisons the whole body. These accumulated poisons produce rheumatism in all its various forms. The clogging of the arteries and the capillaries overworks the heart and produces heart disease, hardening of the arteries and apoplexy.

Food and Rheumatism
"Our food supply is the chief cause of rheumatism. The excessive food supply, wrong combinations and wrong selection is the chief cause. The protein foods, meats, peas, beans, cheese, eggs, fish and nuts used in

excessive quantities are first offenders. These are the great uric acid forming foods. The uric acid is the most deadly poison generated in the body. It burns out the delicate sewage of the kidneys, and the poisonous uric acid is then carried throughout the system poisoning the cells of the whole body. The first result of this poisoning is rheumatism. There are many forms but they are all old foes with new faces. The decaying of any surplus food in the stomach and the intestines produces poisons which will cause rheumatism. Poisonous foods such as vinegar, excessive use of salt, pepper, chili and all highly seasoned foods will produce rheumatism. Ulcerated teeth or decayed tonsils will produce it."

CHURCH NIGHT AT CENTRAL CHRISTIAN

There was the usual good attendance at the church night supper in the Central Christian last night. Immediately after the supper a committee appointed to outline a program for Children's Day, the first Sunday in June, met and canvassed the matter thoroughly. The result was a program which will be very entertaining and instructive. The prayer meeting was led by Mrs. Eva Hutton. It was the first meeting which she had presided at since the terrible accident last October near Santa Fe, N. M., which resulted in the death of her husband and very serious injuries to herself. A musical feature of the meeting was a violin solo by Lucille Thompson, accompanied on the piano by her sister Avis.

TUJUNGA

Mr. and Mrs. Harrison Hall and baby son have gone back to Huntington Park for a stay with Mrs. Hall's mother, on account of the continued illness of the baby.

Dr. Newman's son, from Long Beach, has moved into the cottage on Marshall Street just finished by Mr. Wieman.

Mr. Mighell, whose wife is in Tujunga for her health, returned to Chicago on Tuesday, leaving her much improved in health. He will return later.

Dr. Murphy, who lives in Los Angeles, has purchased a home on Honolulu Avenue, also one of the houses on the Smith lot on Sunset Boulevard, and will move the same at once.

Mr. Ed Foster has purchased, through Dean & Co., twenty acres of land just north of Sunland.

Mrs. Brissenden and daughter, Elizabeth, were in Tujunga this week for the purpose of shipping their goats and household belongings to Oregon, where they have a ranch and will proceed at once to occupy it.

Mr. and Mrs. Lamson are soon to leave for their usual summer trip, and Mrs. Cornet, wife of Dr. Cornet, who has been residing in Captain Hotchkiss's house, will move in and care for their house during their absence.

Gophers and red squirrels were never so pestiferous in the valley as this season. They keep every one busy with poison and traps. Mr. Niemeyer has 26 to his credit caught in traps and Miss Mary Lewis 25. There are so many neglected, vacant lots that are left to provide harbor for the pests that it is a discouraging task for the man with an improved place to keep them down.

A large consignment of clothing will be sent on Tuesday to the Parent-Teachers' Association of Los Angeles.

Mr. Yarnell has been busy cutting down the large ice box at the store, and Mr. Johnson will be able to handle meat again during the coming hot weather.

Miss Hannah McKee has gone to Pasadena for a two months' visit.

The aged mother of Mrs. C. S. Niemeyer has been quite ill the past week, but is now improving.

A postal was received from Mrs. Frost on Monday, noting her safe arrival in Detroit, Mich.

The elder Mrs. Zachan became so mentally unbalanced that it was deemed wise to remove her to Los Angeles for examination and to a sanitarium for further care. The officers came for her on Tuesday morning. All who have known her regret this very much and extend their sympathy to Mr. Zachan and the members of his family.

The annual meeting of "The Little Landers Store, Inc." will be held at Bolton Hall on Tuesday evening, June 3, at 8 o'clock. Let every stockholder be present and a quorum secured.

The dance given by the young men of Tujunga, at Bolton Hall on Saturday evening, was a success indeed. There was a full house and the music was fine. Cake and ice cream and punch were served all the evening.

On Monday evening Mrs. Lamson celebrated her birthday. About fifteen of her friends, dressed in character, waited upon her, all doing various stunts to enliven the occasion. A nice luncheon was served and all enjoyed the occasion so well that they hoped she might have as many as two a year for a great many years.

GREAT MISSIONARY MEETING

The Women's Federated Missionary Societies of Glendale, Casa Verdugo and Eagle Rock will hold a regular meeting in the Presbyterian Church, Broadway and Cedar, tomorrow afternoon, commencing at two o'clock. After the election of officers for the ensuing year, Mrs. Dr. Kelly, who is now home on a furlough from the Orient, will address the gathering. She has been working for the Interdenominational Missionary Union in India and China for several years and the relation of her experiences there will be of vivid interest, for she is a fluent speaker and has a very interesting personality. It is hoped there will be a large attendance.

STATE NEWS

(United Press)

SACRAMENTO, Cal., May 8.—The way to get things is to go after them. And the way to go after them is to spend money. This is the theory of Chas. E. Virden, president, and H. S. Maddox, general secretary of the Sacramento Chamber of Commerce who expended over \$103,000 during 1918 in the interest of the city's development. When Sacramento had a chance to land a U. S. Aviation Field the Chamber of Commerce didn't hesitate for a minute over the cost. The sum of \$65,475 was promptly appropriated, covering leasing of the grounds, installation of a railroad, leveling and beautification of the fields, and several other necessary improvements. To land the big Christian Endeavor Convention the chamber spent \$1500. For advertising and publicity \$4700 was expended during the year. In return the city gained approximately 3800 in population during the year, filling up practically all available living places and necessitating a new campaign, now being directed by the Chamber, to provide more dwellings. Sacramento's population is now 81,330. One of the two big aims of the Chamber of Commerce for 1919 has already been reached — early construction of capitol extensions buildings at an expenditure of \$3,300,000. To attain the other aim, a clear water supply, the organization is launching an energetic campaign to put across a \$1,800,000 bond issue.

PASADENA, Cal., May 8. — Two silver cups and about \$150 in cash prizes will be distributed today by the Pasadena Horticultural Society in the Rose Show at Hotel Maryland. The Rose Show is an annual event, occurring about this time each year when every rose bush is blossoming.

LOS ANGELES, May 8.—The screech of the whistle is to be the only harsh sound aboard the Emergency Fleet Corporation's ships to be launched at San Pedro and Long Beach in the future.

The doughty sea-farers, who pleaded that they could navigate a washtub up a lam tree with far more facility than they could pronounce the Indian names which had been wished on Emergency Fleet Corporation vessels, have won their fight.

Future ships will hula over the waves under crooning Hawaiian appellations or will dance the Fandango around Cape Horn beneath the name of some sweet-voiced senorita. Here are some of the alterations made in the names at the request of the salts: West Hissppo, changed to Angeles; West Waw, changed to Haleahala; West Katka, changed to Vinita; West Hocut, changed to Las Vegas.

Personals

Miss Luella Hosack has gone to Huntington Beach to visit a cousin, Miss Margaret Hosack, for a couple of weeks.

Miss Nellie Warner, who has been very ill of pneumonia, is now practically recovered, though she has not fully regained her normal strength.

Mrs. Ed Daniels, accompanied by the two children, of 207 West Lomita avenue, went to Modesto, Wednesday, to visit for a few days with her sister, Miss Ruby Bowen.

Mrs. R. P. Jodon, head of the sewing department of the Glendale Red Cross Chapter, is asking all who have taken garments to make to return them to the Chapter as shipment is to be made next week.

The Glendale Branch of the British Ambulance Society has closed its work with a balance on hand in its treasury of \$22.40, which has been sent to the British Soldiers' Aid Society in Los Angeles.

Mr. and Mrs. L. T. Rowley have been advised by their son, Eustace Rowley, that his ship, the "Marblehead," has sailed for San Diego expecting to go from there to Mexican waters to be gone for about four weeks.

Mrs. C. E. Byrkit was a visitor in Long Beach the first of the week as a guest of Mrs. K. Hahn and daughter of Omaha, who have been spending the winter in Southern California and who expect to leave for home in about a week.

Mrs. Foster, mother of S. C. Andrews and of Mrs. Frank Kuntzner, is expected to reach Glendale some time this month. She has disposed of her property interests in Newton, Illinois, and is coming to Glendale to make her home where her children reside.

Eugene Lecount, who with his mother and grandmother has been a guest in the home of Mr. and Mrs. F. R. Buchanan at 242 North Orange street, is convalescent from a very serious attack of bronchial pneumonia. He and his relatives were on the eve of returning to his home in the east when he was taken down.

INTERMEDIATE BALL GAME

The ball game today was between Giants and Cubs. Vernon Paul pitched for Giants and Harolu Thompson for Cubs. It was a very exciting contest and but four innings were played, the score at the end of the fourth standing 6 to 7 in favor of Cubs. Mr. Blanford umpired.

NOTED SPEAKER TO TELL OF WORK IN DARK CONTINENT NEXT SUNDAY MORNING

Dr. Royal J. Dye, for 16 years a missionary for the Christian Church in Africa, establishing the first mission station there, at Bolengi, is to speak next Sunday morning in Central Christian Church. Dr. Dye and wife stuck to their work in Africa through many discouragements until he was taken with the "walking sickness," which made his return to the homeland imperative. He finally recovered in a measure but was forbidden by his physicians to ever return to Africa. So he has devoted his time since then to telling the story of his work in Africa and urging the needs of that important district. The lone station at Bolengi has pushed its workers far out into the jungles of the Congo land until now there are five flourishing missions. The Bolengi Church has the largest Christian Endeavor Society in the world, it numbering 4000 members. In that church the members are divided into groups of 10, nine of whom give of their earnings to support the tenth as a missionary to outlying tribes. The marvelous growth and work of this congregation of black people, some of whom were formerly cannibals, forms a story of thrilling interest, more interesting than most novels. Dr. Dye tells it well.

A FLORAL CAGE

D. Ripley Jackson is a live wire on advertising and he can be depended upon to devise ways and means of attracting the attention of the public to his business whether it be through space in the local newspapers, of which he is a generous and steady patron, or through window displays. His latest novelty is the conversion of one of the windows of the Glendale Plant & Floral Company at 124 South Brand boulevard into a cage for the yellow canary which is one of the most valued properties of the company. But the cage contains also a live tree and some other shrubs and flowers which make it attractive to the eye of the passer-by and also to the canary, which voices its appreciation in song and in happy flights from one part of its floral home to another.

STAG PARTY

PROSPECTIVE GROOMS ARE ENTERTAINED WITH DINNER AND SHOWER

Eight young men including Seymour Smith whose marriage to Miss Evangeline Huntley is to take place early in June and three others who are to be married this summer, but whose engagements have not been publicly announced, were entertained at a five-course stag dinner and kitchen shower at the home of Mr. and Mrs. Beach, 633 North Brand boulevard, Tuesday evening. Seated at the table with the young host, J. T. Beach, were Mr. Smith, Sidney Simon, James Gibson, Fred Farner, Percy McIntyre, Herbert Henning and I. S. Brown.

Decorations were of roses and orange blossoms, the table being centered with a wedding bell made of these blossoms. Under the bell were gifts, and ribbons in pastel shades led from the packages to the plates of the prospective grooms where they ended in huge pink satin bows. The place cards were Kewpie brides complete in veils with shower bouquets of orange blossoms.

Later in the evening the young men were joined by Misses Evangeline Huntley, Grace and Alice Gray Beach, Margaret Gregg, Lillian Lepelman, Lila Webster, Ardis Heisler and Dorothy Morton, and dancing and games were enjoyed during the remainder of the evening.

SHEARING SHEEP

Captain Ernest A. Laurance of the Glendale Police Department is now busily engaged in sheep shearing in Kingman, Ariz. It is his old business and when the season is on he can make three times the wages he pulls down as a Glendale cop. He has not handled the shears for several years until this season when the City Council cheerfully granted his request for a leave of absence and made Patrolman Wallace Fryer Captain pro tem. Captain Laurance is expected back before long.

BOND SALES

Victory Bond sales up to noon on Wednesday totaled \$88,500.00 with some of the banks yet to be heard from for the previous day's work. It is nothing to brag of, but at least it is as well as Los Angeles is doing and that, too, in the face of the fact that many sales to Glendale residents have been credited to Los Angeles because they were made there.

MUSIC SECTION PROGRAM

The program committee of the Music Section which is to meet Friday afternoon at the home of Mrs. Frank Arnold, 211 East Lomita avenue, has been disappointed in its plans. Mrs. Gates of Hollywood who was to have given the program is unable to come. The following program will therefore be given: Duets by Mesdames Roy Masters and Eva Cunningham and solo piano numbers by each of the ladies; readings by Mrs. Montgomery, a comparatively new comer in Glendale of exceptional talent who is a member of the Shakespeare Section; paper on American composers by Mrs. J. E. Moore; piano selections by Mrs. C. L. Marlenee; report by Mrs. Calvin Whiting of musical convention at Oakland.

A full attendance is urged as officers are to be elected for the coming year and plans made for the closing-day program.

LAX HOME TRAINING

(Continued from Page 1)
following. The mother was on the inside of the walk and in passing a fruit stand she reached down and helped herself to a handful of cherries while the proprietor was busy inside, and passed on. She probably had no idea she was giving her sons a lesson in thievery. I could scarcely refrain from speaking to her and remonstrating. There is an old saying, you know, that 'example is stronger than precept.'

"Then I have heard mothers lie before their children and I have seen mothers shield their children and try to protect them from a logical punishment. Parents continually weaken their children by such a stand. By letting a child have his lesson and take his punishment a mother may save him from something much worse in after years.

"I do believe that parents are responsible for the wrong doing of their children. If a child has the right sort of an environment that child will eventually be the right sort of a man or woman. I believe in the effect of environment and that heredity plays a very small part. It seems a harsh thing to say when a child has done something terribly wrong that it comes back to the parents, but if you could follow the wrong impulse back to the very beginning you would find that the parents had been lax and had not laid the right foundation for integrity.

"Children often commit some small wrong and the parent is inclined to wink at it and say, 'it is a very little thing' and let it go uncorrected.

"I know parents who have a son twenty years old who is a great anxiety to them. They have no control over him and he has no respect for their judgment or opinion. When he was two years old I called upon them and saw the child in a rage call his father an old fool. They laughed at it and thought it cute and allowed it to go uncorrected.

"Sometimes a mother will leave her purse lying around and many a boy has learned to be a thief because it was not detected and corrected. his taking money from it was not detected and corrected. Some people can put a construction on the mischievous act of a child that is altogether wrong, but when it is actual vice it should never be tolerated or treated indulgently for a minute.

"In Los Angeles, in good homes, I have seen mothers standing at the window watching their boys stealing vegetables or fruits from a vegetable wagon and treating it as a prank.

"Another mother I have seen who went to town with me on a street car and the boy who was with her was quite undersized for his age. When I was about to pay the fares she protested, 'Don't pay for Roland,' and after the conductor had passed, she said: 'You know he is very small for his age,' thus giving that child a lesson in dishonesty. When the children of parents like that do wrong things, they wonder why it is. They have not recognized the principle of adherence to right. There is no deviation from the straight and narrow path. You cannot step aside and be sure that your foundations are right. You must adhere to principle with children because they cannot discriminate. You have to be very careful with children to make your acts conform to your teaching."

Victory bonds bind victory.

VICTORY TANKS

(Continued from Page One)
including the citizenship of the town.

While Glendale has been bitterly reproached for procrastination in meeting its obligations in connection with the Victory Loan, the chairman and committee members do not feel that it is necessary to introduce here the coercive measures which are being practiced in some of the cities of Southern California of publishing the names of citizens who refuse to subscribe. Glendale has responded so splendidly heretofore that the committee feels so drastic a course to force subscriptions is not necessary here and that our people will eventually come through and go over the top as in the past even if they are a little slow about responding. But it should be remembered that Glendale's quota is based on actual deposits in the banks of our city, and if we do not go over the top it will be evidence that some of our people are slackers.

It will be an immense help to the workers in the drive if every person who is considering a purchase, whether one bond or a dozen, will come out tonight and give his or her name to the members of the committee who will be working at Brand and Broadway with a check for the initial payment, which is only ten per cent. of the total cost. The tank

crew is working unselfishly in this drive and it is generous of them to consent to come to Glendale to stimulate patriotism and given an evening of entertainment. All our people should come out. If they are due at other meetings, they can visit Broadway and Brand before or after their other engagements, for the tanks will arrive at 7 o'clock and will be at their stations at 7:30 for the concert mentioned, and will remain for a long evening.

THREE SHORTCOMINGS

The man who declines to uncover when the American flag passes before him on parade because "takin' your hat off don't mean anything"—is unpatriotic.

The man with a family who refuses to take out a life insurance policy because "it won't do me any good after I'm dead, and I can save enough anyway"—he's selfish.

The man who swallows dynamite and then runs violently against a post in the hope the impact will end his earthly career—he's plumb foolish.

The man who hesitates, or fails, to subscribe to the Victory Liberty Note issue is worse than any one of these because he embodies the shortcomings of all three—he's:

Unpatriotic!
Selfish!
Foolish!

THE SOLDIER'S DREAM

(Continued from Page One)

field mouse as a thieving owl swoops down upon it and fastens its cruel talons in its delicate flesh and bears it away often startles the restless boy and he starts up from his bed of comfort and imagines some fearful dream when it was only one of Nature's plans being carried out according to her law of the survival of the fit. Ah, how we remember watching the fading of the setting sun behind the rim of the great Pacific, the shadows of evening beginning to creep over the land and night spreads her blanket over the vast domain. It all seems so picturesque and grand. The very thought sends a thrill of enthusiasm through the heart of the thinker and again he cries out in murmuring tones: "Oh, to be there again. I want to live it over again. Oh, if I were a lark—a meadow-lark singing my carol in a meadow or pastured land. His freedom is unparalleled in Nature. Would that my hour of departure was at hand and my train steaming and puffing ready to push out and away from this picturesque area, just to take me back to the place where I long to stay, back to the land of imagination and romance, back to the 'Golden State' of fair, sunny, Southern California where I have lived all these years in the youth of my boyhood days."

The hour has come. Each laddie of the detachment is to realize that his dream has at last come true. The old place of militaristic interest is soon to close up forever. U. S. General Hospital No. 35 will have answered the call. She will have finished her patriotic duty. The many tedious hours for the convalescent and the enlisted men have been well spent. It was worth while, and the great God over mankind will honor all who have resided here among the wide-spreading oaks, hickories, elms and birch-wood in the "Lost River Valley" of old Indiana.

All hail the closing days of Hospital No. 35! May good luck accompany all who leave this place and journey again to regions unknown save to him who lives in that sphere of love and fond recollection.

Are You a Quitter?

The world has no use for the quitter. In the prize ring, on the battlefield, and in the whole field of human endeavor, there is nothing but contempt for the man who fails to see his effort through.

America's reputation for gameness is at stake in the Fifth Liberty Loan. All the fruits of victory will be lost if we fail to finish. It is for every money-earning individual to do his or her part for the nation's good name. Let the world say: "America saw it through—those Yankees never quit!"

DON'T BE A QUITTER!
